

Davis Bay Cottage

Designed for a prominent West Coast Artist this home/studio is set on steep slope in a very dramatic setting that overlooks Georgia Straight, fabulous sunsets. Lifestyle was a key component in the layout and orientation of all the rooms. For future accessibility an elevator has been roughed in. All the finished wood trims and beams were crafted by local trades and sourced from the local mill to make this a true West Coast masterpiece.

Location: Davis Bay, Sunshine Coast, B.C.
